welcome

TeachAde saves you valuable time by sending you class resources that match your specific teaching interests. No more searching through multiple websites to develop class lessons – let TeachAde do the work for you! Once you specify the subjects and grades you teach, TeachAde's searchable database will regularly send you customized resources – contributed by trusted content providers – directly to your personal home on TeachAde. Keep what you like in your favorites files or calendar, network with colleagues and join – or start – discussion groups with fellow educators. **TeachAde is free for teachers.** We invite you to [join](#) the community.
